Tuesday, February 28.....Parents and Principals Meeting, 8:15@CLC Room 183
Tuesday, February 28.....Student/Educator/Parent Conferences

Principal's Message

We are excited to invite you to our Science Night. It will be held from 4:00 to 6:00 p.m. in the auditorium. Each class has done a science project together, and the students have been taught the language and procedures of the scientific method. We would love for you to come with your children so they can show you what they learned. Science projects focus on asking a question, making a hypothesis around the question, and then conducting a test or experiment to see whether that hypothesis is correct. After the experiment is conducted, students in the class should be able to write what procedures they implemented, as well as what they learned. Please join us for this great time.

Parents and Pastries

The principals would love to meet you, share what is new at Mountain View, and answer any questions you might have. Our next Parents and Principals discussion will be held in the Community Learning Center on Tuesday, February 7 at 8:15. We hope to see you there.

Help Needed

We are currently looking for a new P.E. paraprofessional instructor to lead our P.E. classes throughout the week. Applicants need to be able to prepare lessons, and be able to manage dozens of students. The position is for 29.5 hours a week and requires 48 semester hours of college credit.
