Principal's Message

It is the time of year when the temperatures are changing. I would like to address a few needs that arise when this happens.

The first concern is that this is a time of year when students tend to misplace their coats, jackets, and sweaters. It is cold in the morning when they come to school, but sometimes they find it warm enough at recess or in other places at school, that they remove their jackets. Sometimes they end up forgetting them where they left them. We encourage you to put your child's name in their clothing somewhere so that if an article of clothing is left somewhere, the owner can be found and the item returned. We also encourage you to check our lost and found basket if your child is missing any clothing.

Second, we are asking that students maintain the school uniform standards even when it's cold. Students who wear coats, hoodies, and other warm clothing can either wear those items in the school uniform colors, or they can remove them and keep them in their lockers during instruction time. When they go outside they can put on any color item to stay warm, and upon returning to the inside, we ask that they remove coats that are not uniform colors as they return to class.

Finally, it is the time of year when we are more susceptible to getting sick. We have had students and teachers who have contracted the flu, the cold, and various other illnesses. We encourage our students to use tissue when contacting their nose, to cover their mouth when coughing, and to wash their hands often. We are asking that you also encourage your children to do the same. The less we all get sick, the more we will learn.

Thank you for your help with these matters.

Parents and Pastries

The principals would love to meet you, share what is new at Mountain View, and answer any questions you might have. Our next Parents and Principals discussion will be held in the Community Learning Center on Tuesday, November 22 at 8:30. We hope to see you there.
