Thursday, September 29.....Student/Educator/Parent Conferences
Thursday, September 29.....Early Out Day, Students Released at 12:40
Friday, September 30.....No School

Principal's Message

Breakfast in the Classroom has had a great start at Mountain View. Students are following expectations by taking their breakfast to the classroom quietly and eating respectfully. We do want to remind parents that federal requirements don't allow parents or siblings of students to eat the breakfast provided to students. Thank you for your help with this.

Last week a letter was sent home describing School Community Councils. On the bottom of that form, you may fill out that you are interested in serving on the council and return that form to the office. All School Community Council interest forms must be turned in by 4:00 tomorrow, September 15, to be considered for the election. Thank you for your interest in serving the students and school community.

Reading by Award Winning Author

Mountain View Elementary invites you to attend a reading by author, Duncan Tonatiuh. Mr. Tonatiuh has won many awards for the children's books he has authored and illustrated. He will read one of his books to the audience in our school's auditorium at 6:00 p.m. on Tuesday, September 20. We hope you will join us for this special opportunity.

Parents and Principals

The principals would love to meet you, share what is new at Mountain View, and answer any questions you might have. Our next Parents and Principals discussion will be held in the Community Learning Center on Tuesday, September 20 at 8:30. We hope to see you there.

Learning Lab

Mountain View's Learning Lab has begun. The Learning Lab is a place students can go for after school homework help and tutoring. The lab is a drop in program. This means that students are not required to stay for the entire program and are not required to attend daily. Students can come when they have homework or need some extra help. After homework is complete, students will be able to participate in other engaging learning activities. Students must have a signed registration form before attending the program. Those forms can be found in the front office or in the Community Learning Center (CLC) office. The program ends at 5:00. Students then have the opportunity to join the Mountain View after school program for Kids Café in the cafeteria. The Learning Lab is open Monday-Thursday from 3:10 to 5:00 p.m.
