September 6, 2017

Thursday, September 7.....School Community Council, 3:30 p.m., School Library
Friday, September 8.....Parents and Principals Meeting, 8:15 in CLC Room 182

Principal's Message

I would like to thank all those parents and guardians who came to Back-to-School Night this past Wednesday. Those who were in attendance learned what their children will be learning this year, what the classroom and school-wide expectations are, and ways that the school and parents can communicate and work together to help children learn. If you were not able to make it to the event, and you are still interested in the information, you are welcome to make an appointment with your child's teacher.

Breakfast in the Classroom

We are pleased to be able to serve breakfast to every child in our school. Every morning breakfast is available for free to all Mountain View students. Students line up in the gym beginning at 7:40. At 7:55 students walk through the cafeteria, picking up their food items, then go to class. At 8:10 students are considered tardy, and the cafeteria will be closed.

We want students to learn independence and responsibility. Therefore, we ask that parents and any person who is not a student wait in the hall while the students go through the cafeteria. Thank you for waiting while your children get their own breakfast.

School Community Council Election

We are still looking for one more who would be willing to serve on the council. If you are interested, please contact the office staff or Mr. Limb.

The School Community Council helps to decide how to best utilize school budgets, develop professional development plans, and help discuss and make programmatic decisions at our school. The council meets once a month. Our first council meeting will be held Thursday, September 7 at 3:30 p.m. in the library.

Walk More in Four

To encourage students and families to walk, bike, or scooter to school, we will be participating in an activity sponsored by the Utah Department of Transportation, called Walk More in Four. Each student will come home with a paper that will help them track the days they walk, bike, or scooter to school. At the end of four weeks, the students return these papers to their teachers. We will send all completed tracking papers to the Utah Department of Transportation, where they will conduct a drawing. Winners of the drawing will win items like water bottles, bike helmets, and even bikes! We hope you will participate, and walk as often as possible. If you live far away from the school, you could drop your child off close by and have them walk.
